**Subject:** Constuction Meeting

Hi Julie,

I attended the pre construction meeting yesterday. Construction should start within 10 days, with completion of phase 1 in 45 days (construction of temporary drug safe). The project should be completed within 120 days of contract date (7/28/10). A weekly construction meeting will be held on Thursdays, which I or Sharon will attend depending on court conflicts. I will keep you informed of construction progress.

Jim
